5. Cookies

5.1 Technical or functional cookies

Some cookies ensure that certain parts of the website work properly and that your user preferences remain known. By placing functional cookies, we make it easier for you to visit our website. This way, you do not need to repeatedly enter the same information when visiting our website and, for example, the items remain in your shopping cart until you have paid. We may place these cookies without your consent.

5.2 Advertising cookies

On this website we use advertising cookies, enabling us to gain insights into the campaign results. This happens based on a profile we create based on your behavior on https://localhost/www/MCL_POC. With these cookies you, as website visitor, are linked to a unique ID but these cookies will not profile your behavior and interests to serve personalized ads.

5.3 Marketing/Tracking cookies

Marketing/Tracking cookies are cookies or any other form of local storage, used to create user profiles to display advertising or to track the user on this website or across several websites for similar marketing purposes.

Because these cookies are marked as tracking cookies, we ask your permission to place these.

5.4 Social media buttons

On our website we have included buttons for Twitter, WhatsApp and Instagram to promote webpages (e.g. "like", "pin") or share (e.g. "tweet") on social networks like Twitter, WhatsApp and Instagram. These buttons work using pieces of code coming from Twitter, WhatsApp and Instagram themselves. This code places cookies. These social media buttons also can store and process certain information, so a personalized advertisement can be shown to you.

Please read the privacy statement of these social networks (which can change regularly) to read what they do with your (personal) data which they process using these cookies. The data that is retrieved is anonymized as much as possible. Twitter, WhatsApp and Instagram are located in the United States.
